The FCA Foundation is once again supporting the Summer Youth Sailing Grant Program. FCAF will award grants up to \$250 to assist Florida yacht clubs with their 2019 Youth Summer Sailing programs.

When you support these programs you make a significant impact on the very foundation of our clubs and preserve long established sailing customs.

The FCA Foundation continues to strive to serve and support recognized Florida yacht clubs through its mission, and the only way we can continue to provide and expand these programs is through your financial support.

And, what better way to help than to join FCAF's fundraising river cruise, "Captivating Rhine," in September. Don't wait! Make your reservations today! *See you aboard!*

FCAF Expands Youth Sailing Grant Program

With the success of the inaugural Youth Sailing Grant program, FCAF announces grants will again be offered in 2019. This year, grant amounts will vary in size according to club need, with a maximum per club of \$250

Youth sailing programs provide a safe environment for youths to experience the excitement and benefits of sailing. FCAF's supports STEM projects (those covering science, technology, engineering, mathematics) and sailing is the perfect integration of all these.

The grants offer scholarships to youths 8-16 with financial need and an interest in sailing. Funds are designated to be used to off-set some or all of the registration cost and course materials. Funding capital equipment and salaries are excluded.

Applications and program details will be mailed in January. If you are a Commodore or Youth Sailing Coordinator or assist with the program, keep watch for this mailing. If not, the application will be available on the FCAF website: www.fcafoundation.org.

<u>PayPal</u>

As an additional option for donations, FCAF has established a PayPal account. This worldwide payment system serves as an online electronic alternative to checks. It is used by thousands of companies and organizations of all types and services.

Many already use PayPal and have an account. If not, note that a personal PayPal account is required to use the services. This is a free service to you as all fees are paid by the organization receiving the funds, in this case the FCAF. Just go to the PayPal website and follow the simple directions to set up an account.

You will find the FCAF Paypal option on the FCAF website. Click on the "Donate" button and follow the guidelines. This is a very safe alternative as the FCAF website – **fcafoundation.org** - now carries a registered "https" designation, which safeguards email transmissions from nefarious outside sources.

The holidays are truly a special time of the year. Please share the bounty by supporting FCAF's mission ... including the WAVE program for veterans, who have given a part of themselves for us to live free ... youth sailors bent on developing life-long skills that reach far beyond sailing ... and Olympiads whose dedication takes them to the world stage honoring America. Thank you and Happy Holidays!
